Mr. H. R. Davidson  
Dav-Tex Corporation  
1130 Lowell Court, Suite 4  
Grand Junction, Colorado 81501

Dear Mr. Davidson:

RE: Gold Mining Operations in Grand County, Utah

I have enclosed a copy of the Division's Utah Mined Land Reclamation Act and accompanying rules and regulations. The Act starts on page 62 and the rules and regulations start on page 80. Please be advised that because your company is currently conducting mining operations within the state of Utah as defined by Title 40-8-4(6) (see page 64), you are required to file with this Division.

The extent of information required for filing varies depending upon the size of the operation. In accordance with Title 40-8-4(6), those operations which move less than 500 tons of material and disturb less than two acres of land in a period of twelve consecutive months are exempted from the filing of the Notice of Intent to Commence Mining Operations (Form MR-1). Those small operations are required to file a Declaration of Exemption (Form MR-4). Copies of both forms are enclosed for your use and information. Please complete the form which is applicable to your operation and return to this office.
